

Triumph Actuation Systems, LLC

A Triumph Group Company

4520 Hampton Road – Clemmons, NC 27012 – (336) 766-9036

QUALITY ALERT ●09302020

Date: 9/30/20

To: All Triumph Actuation Systems, LLC Suppliers

Subject: Supplier Material Discrepancy Approval Request (SMDAR)

This is to inform all suppliers of a revision to Triumph, Clemmons' SMDAR form, QF-0013 Rev. J. This form is used for submission of discrepant material for review and disposition that cannot be reworked to all print and PO requirements by the supplier. This form can be found on the Triumph Supplier Portal.

www.triumphsupplysource.com

Please make a note of the change to ensure you are submitting the current revision. Failure to use the latest revision of the form will result in the return of the form with no action taken. Please familiarize yourself with the form and notice the instructions on the following pages of the form.

Please be sure to make a note that as of September 25, 2020, all SMDARs submitted are subject to a \$1,500 charge back unless there is justification for waiving of this charge.

For SMDARs submitted in which Triumph, Clemmons does not have direct Material Review Board (MRB) Authority, and such requests require approval from Triumph's customer, a minimum of \$2,500 charge back will be required. The Triumph Procurement Agent and/or Triumph Quality personnel will have the information concerning MRB authority, if requested.

In the case, where additional analysis is required and/or additional charges are incurred to Triumph for processing the SMDAR, these charges will also be communicated to the supplier for reimbursement of those additional charges.

Signature and Title: Frank Hurak, Supplier Quality Engineer
